

The Pearson Family

Mission Report: We have started our Sunday school classes for adults and children. Please pray that God will impress on our members hearts to make it to Sunday school as well as morning service, and that we can reach more kids in the neighborhood. Also, God has been increasing our reach through the basketball ministry and we've had more young men coming out than ever before. We praise God for the opportunity and pray He will open hearts to His word.

Due to the effects of Hurricane Helene we have new leaks in our roof where we worship, please pray that we can address some of the issues without it being too costly. We've had attendees get new jobs, skip church for football and have their cars stop working. Please pray that God will remove all obstacles in these peoples lives and that they will become faithful members.

Family update: We officially have a teenager living in our home! Please pray for Sariah as she continues to grow physically and spiritually, and pray for us as we strive to disciple her.

Due to inflation, our mortgage went up 300 dollars in one month. It has never jumped so high and was slightly frightening. I know you all are feeling the affliction of these higher prices as well. Clothing and feeding our five kids has never been more expensive. Thank you churches for your support! Without you all we would be in deep trouble. Thank you for your partnership in the Gospel. Since our mortgage jumped up so much, Tiara and I have started praying about moving to a home closer to our ministry community. We always wanted to be right where we minister, and this inflation has truly motivated us to follow Gods call to Skyline Acres. Please pray that God will make the way. It will not be easy but with God all things are possible.
